MGM UNIVERSITY:

MGM University in Aurangabad, established by the revered Mahatma Gandhi Mission Trust, a pioneer with 37 years of excellence in education, research and service, is now a self- financed State University, approved by Government of Maharashtra with the passing of MGM University Act 2019 by Maharashtra Legislative Assembly and Legislative Council. It has the 2(f) status granted by the University Grants Commission (UGC) of India.

Setting a glowing milestone in the higher education history of Marathwada region of Maharashtra, its birth amid the world celebrations of the 150 th Birth Anniversary of Mahatma Gandhi, in 2019, marks an auspicious beginning for MGM University.

Gandhiji's philosophy and the timeless values that he has taught have been the ever-inspiring force of MGM University. Its founded on the Gandhian belief that education is for all – and at its core is character–building and getting students future-ready.

The constituent institutions of MGM University, each of them with a great track record of academic excellence and industry placements, are Jawaharlal Nehru Engineering College, Institute of Management and Research, Institute of Biosciences and Technology, Dr.G.Y.Pathrikar College of Computer Science & IT, College of Journalism & Mass Communication, Institute of Hotel Management, Institute of Fashion Design, College of Fine Arts, Institute of Social Science, Institute of Indian and Foreign Languages, and Mahagami Gurukul of Performing Arts.

MGM University assures you of an exhilarating campus life - a safe, vibrant, green campus - with an experiential teaching methodology adopted for all the programs to get you ready for the new world of careers and entrepreneurial opportunities.

CHANCELLOR'S MESSAGE:

Dear Students,

We are in a world which is facing revolutionary change, uncertainty and inevitable interconnectedness, hence there is a responsibility of a higher education sector not only to produce knowledge but provide solutions to persistent and complex socio-economic problems of our times. It is more important when there is mismatch between knowledge and action. Therefore, we need a multi-disciplinary orientation in research. Higher education Institutions and universities aiming to overcome this disconnection between knowledge production on one hand and the demand for knowledge applications to solve societal problems at large on the other hand. In view of this, with the Quality legacy of MGM group of Institutions in establishing 67 forward looking Institutes, Colleges and Centers of education & higher learning as a step ahead in the natural academic growth we established the MGM University at Aurangabad, to mark the celebration of 150th birth anniversary of father of the nation Mahatma Gandhi.

At present in India there are 911 Universities and among them 333 are private universities contributing to the increase in GER (Gross Enrollment Ratio) to convert India into a Knowledge Society. The MGM University at Aurangabad, the capital city of Marathwada region is the first self-financed university of this culturally rich but economically backward region, (Established by an Act. No. XXVI of 2019, Government of Maharashtra). In my opinion Quality Higher education has direct correlation with the development of any region or for that matter any nation as it develops the quality of human capital for the overall progress of the region and ultimately the nation. Following the path of Mahatma Gandhi's philosophy, MGM has made its strong foothold in the world of education, with a vision to provide quality education of global standards on the foundations of Indian ethos and culture, leading to man-making and nation-building and there cannot be another auspicious occasion other than 150th birth anniversary of Mahatma Gandhi to launch MGM University.

MGM adheres to the Gandhian ideology of 'Swarajya' which personifies individual growth.MGM essentially focuses on imparting education because it serves the purpose of making individuals independent and competent to sustain in the face of societal pressures . The Trust also emphasizes on empowerment of women by providing quality education. Through its glorious span of 37 years more than 64 Colleges , Institutions, Centers and a Health university it is catering from primary education at Schools to higher learning in the field of Medical Sciences, Engineering , Science and Technology, Agricultural Sciences, Management, Humanities, Social Sciences, Sports, and Social Initiatives. I hope the student community and parents would support this new academic venture of MGM Trust.

Hon. Shri A. N. Kadam
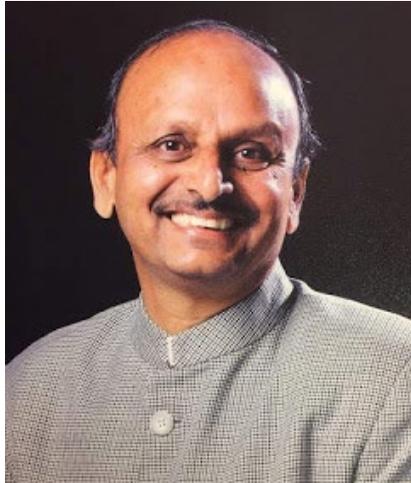

VICE CHANCELLOR'S MESSAGE

Dear young friends,

"I am not in competition with anyone but myself. My goal is to to improve myself continuously. " - Bill Gates

We are experiencing transformative times in terms of revolutionary changes never seen before by our human kind. Most prominent driving force of these pathbreaking transformations is Information Technology/ digital technology. Our society seems to become a "Networked Society " , where all humans around the world are digitally connected to each other. In my opinion, presently we are living in two worlds simultaneously; one is physical world where we live and another is Virtual world. The physical world is a nature's gift to us and virtual world is the man-made technology creation, where IT and Computer Science only play vital role.

The present & future of IT & Computer Science is and going to be fascinating one. Futuristic Digitech's are already showing their impact such as Artificial Intelligence (AI), Internet of Things (IoT), Machine Learning, VR (Virtual Reality), Augmented Reality (AR), even Mixed Reality (MR) and Extended Reality (ER). The Big Data Analytics is going to be major job creator as Big Data is becoming root for policy decisions, businesses and industries. At present we have 30 zettabytes data in the world and in shortest possible time meaning in the year 2025, we will be having 175 zettabytes Big Data. Really amazing tech trends are giving births to disruptive innovations and start-ups.

This is enthralling tech situation of enormous opportunities in the IT sector. The MGM University's constituent college named after Mahatma Gandhi Mission 's founding and dynamic secretary late Prin. Dr. Gagadhar Pathrikar is the dedicated and reputed college providing higher education in IT and Computer Science with requisite infrastructure and knowledgeable qualified faculty members under the academic leadership of Dean and Prin. Dr. Prapti Deshmukh. It's alumni have already made their mark in the industry.

Get professionally trained with affordable fee structure, national and global exposure as well as empowering workshops by top professionals in the industry. We are trying our best to provide Internship to every student and training at nationally reputed institutions.

MGM stands for quality and quality stands for MGM, they are synonymous, hence be a part of this green and clean campus of MGM University, which is the first ever self-financed university of Marathwada region serving like a mission of higher education under the visionary leadership of our Hon'ble Chancellor Ankushrao Kadam Sir.

Prof. Dr. Sudhir Gavhane
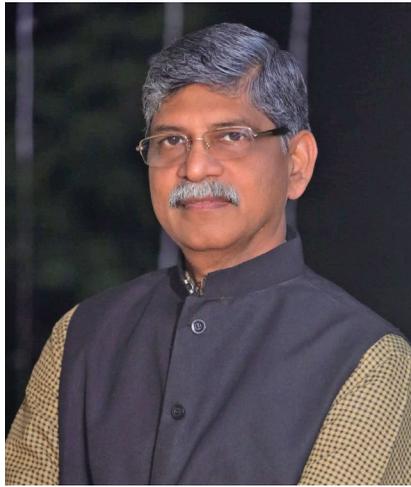

PRO-CHANCELLOR'S MESSAGE:

Dear Students,

We are facing a truly unprecedented situation, where the global corona virus pandemic is adversely affecting our lives; but together we can surely fight against it by innovative approaches .

MGM Group of Institutions has been recognized by the government as a private university due to its quest of imparting quality education since four decades. The present scenario in higher education is all about innovation and transformation in programs, teaching methods, curriculums, infrastructure as well as the learning process where there is more openness having many choices (For instance – An engineering student can learn mass media, photography, etc. or even an arts students can learn Machine Learning, Artificial Intelligence.) .Hence, at MGM University, we have especially designed Interdisciplinary, Multidisciplinary and Trans disciplinary curriculums for an all-rounder exposure to students. Our newly launched programs are according to the future trends of education and will create diverse opportunities for employment. We have developed student-friendly ambience to extract the best out of the students.

Esteemed in welcoming you all to join our MGM Team in the development process!

Dr. Rajan Welukar

PRINCIPAL'S MESSAGE

It gives me enormous pleasure to be a part of MGM family. I welcome all students, staff members and parents to the MGM family where aspirants will be achievers. The college has recently been reaccredited by NAAC with A grade is imparting quality education to the students. Higher education has the responsibility of offering not just knowledge but value-based knowledge. In this scenario we need to look at new initiatives in the field of education and create new opportunities in the field of Computer science & IT. I wish all the students and staff grand success in their future endeavors and extend heartfelt appreciation to the team work by staff members through various activities of student council, N.S.S, Earn & Learn Cell, Lifelong Learning Cell, Avishkar Research Cell etc. contributing in all-round development of students.

Dr. Prapti Deshmukh

AURANGABAD CULTURE:

Aurangabad city was founded by Malik Amber, the Prime Minister of Nizam Shah of Ahmednagar in 1610 A.D on site of village Kirki (Window) since it serves as an opening between the North and South Culture.

Aurangabad is a historical City with Ajanta and Ellora caves, Deogiri fort, Panchakki, Bibi ka Maqbara and Gates and has witnessed rapid Industrial growth. Aurangabad is the commercial capital of the Marathwada region. Here the concept of education is rooted in the strong foundations of history and knowledge of modern technology.

WHY MGM UNIVERSITY?

Pursuing UG and PG Programs in MGM University provides an experience of choicest resources that are in consonance with futuristic industry requirements, providing you an advantage over your competitors. Reasons to opt for our university for your career options:

- The only self-financed private University in Marathwada
- Unique and futuristic curriculums
- Facilitates research, sports, and other amenities at par with the international standards.
- Secular ethics curriculum prepared by his holiness Dalai Lama will be imparted
- Rural transformation program will be initiated to connect with rural societies.
- Support provided to talented but under privileged students to become entrepreneurs.
- Striving for global exposure and empowerment program
- Aims to establish 50 start-ups annually as an entrepreneurial promotion activity in line with the Maharashtra state government policy of Maharashtra Center for Entrepreneurship Development (MCED) so that the students are job creators, not job takers only
- To promote innovative solutions and research MGM has initiated through the earmarked 'patent mission program'
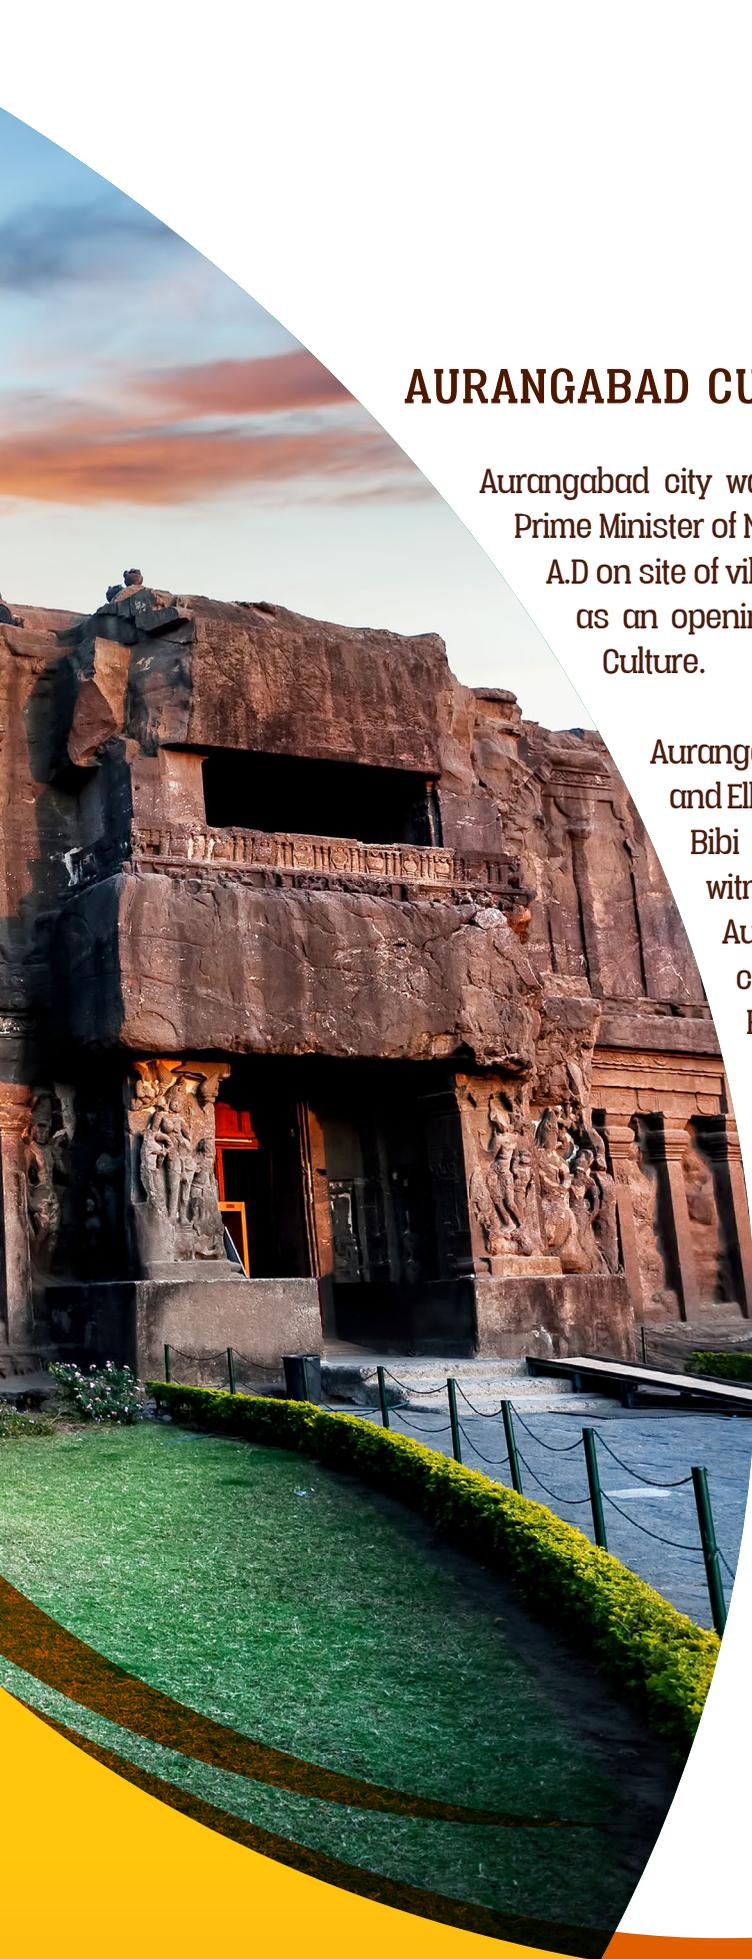

ABOUT DR. G. Y. PATHRIKAR COLLEGE OF COMPUTER SCIENCE & INFORMATION TECHNOLOGY, AURANGABAD

By considering the growing importance of Computer and Information Technology in Business, Management and Industries, MGM has Established "Dr. G. Y. Pathrikar College of Computer Science and Information Technology" in 2001. The college offers various graduate and post graduate degree Program in Computer Science and Information Technology.

The College is ISO 9001:2015, ISO 14001:2015 Certified & NAAC Re-Accredited with 'A' Grade. With a vision of social, ecological and economical environment striving continuously for excellence in total quality education, research, and technological service to the nation and to upgrade students in all respect with the help of latest infrastructure in the area of Computer Science in order to build the National Capabilities, to understand the culture of Non-violence, truth, peace through Gandhian philosophy.

VISION

To be an academic institution in dynamic equilibrium in social, ecological and economical environment striving continuously for excellence in total quality education, research and technological service to the nation.

ALUMNI TESTIMONIALS

**SUMEGH SHRIKANT THAREWAL
BATCH 2011.**

SENIOR RESEARCH FELLOW AT DEPARTMENT OF COMPUTER SCIENCE AND IT, DR BABASAHEB AMBEDKAR MARATHWADA UNIVERSITY,

As an Alumni of MGM'S Dr G Y Pathrikar college of CS &IT, I wish to express briefly my personal experience, my learnings in the areas of research and innovations from the expert faculty members of the College have been very helpful in the current research work that I am pursuing.

My two years at this College shall remain a memory to cherish for a lifetime - full of learning opportunities that were full of fun and sometimes with academic grind. The international exposure makes you a confident man to face the challenges of the corporate world.

My College always believed in helping and guiding its students and it was no different during the placement season, we got guidance and encouragement in every step to secure placement at reputed organizations.reputed organizations.

**VISHAKHA TAKALKAR
BATCH 2015**

**SENIOR PROJECT ENGINEER
WIPRO TECHNOLOGIES**

Our college has a safe, professional and friendly learning environment with high quality,dedicated teaching staff. Our teachers encouraged us a lot.

Our college focused on extracurricular activities also. we have a well-maintained, positive environment. I was encouraged to think for myself, our college emphasizes a lot on personality development, as well

**SIMI JACOB,
BATCH 2012.**

**PROGRAM MANAGEMENT OFFICER
GOOGLE**

MGM's Dr. GYPCCSIT has laid the foundation stone to my career in the IT industry. The constant support and guidance from the staff at the college introduced me to the new opportunities in the world outside and encouraged me to take up new challenges. The experienced staff and modern infrastructure helped me in my curriculum. I was recruiter by Wipro in my final year of college, and took my first step in the IT field. I am currently working as a Program Management Officer at Google office, and still keep my head high because of the values I learnt from my teachers and proudly share the same with my colleagues.

BHAKTI D. KARKAR
BATCH 2016

SOFTWARE QUALITY ANALYST
CENTIUM CONSULTING, PUNE

I had heard it was the best for IT education,when I went there I found that it was all true. All the members of the teaching staff were so co-operative. It's always about more than book learning in this College. There were seminars on different topics which were useful for us. The quality of the education is visible to everyone in the ultimate results!
Now, I am a Software Quality Analyst in Pune.

GIRISH WAGDARE
BATCH 2016

SR. RELATIONSHIP MANAGER
INDUSIND BANK LTD

This College is a great organization !
To put in a few words, I have participated in different extra-curricular activities which were conducted by our college and I have lead some of them with success.I will never forget the Mysore University trip which was related to a conference ISCA 103. It was a great opportunity given by our college.
I would like to say I proud to be a GYPian !

RAMANDEEP KALOTI
BATCH 2016

FASHION DESIGNER & CEO
DREAMAN FASHION HOUSE

I learned real life values and discipline. One of the colleges in Aurangabad that gives importance to discipline and education. My teachers and principal helped me to become a confident person and pursue all my dreams.

ATHARAV YELIKAR
BATCH 2019

PROCESS EXECUTIVE
INFOSYS

Dr. G. Y. Pathrikar College of CS & IT is one of the best things that happened to me in my life, the education they give here, quality of teachers, the campus environment in which we did our studies, everything that we got here was priceless !
I got my placement in campus.
In the end, I will just say that thank you Dr.G. Y. Pathrikar College for everything.

CHETAN MARLECHA
BATCH 2014

JUNIOR EXECUTIVE
MAHYCO

MGM GYP was not a college for me it was a second home. I personally feel so because I got attached to the staff as they have given me that comfort and continuously guided me for a better future, I had enjoyed and introspected about each and every activity in the college.
As an alumni of batch 2012 ,a very successful batch in campus selections ,however,I continued with GYP for MSC in IT till 2014.

MANPREET KUMAR
BATCH2018

PROCESS EXECUTIVE
INFOSYS

Passing out from the best known college in Marathwada makes a person proud. I have spent almost 5 years in this college and these are the most worthy years of my life as not only have I been educated but developed myself in every aspect.I have completed my graduation and about to complete my post graduate from this college itself. The College infrastructure is great, students are getting a great healthy environment to study, and faculty of each department is highly educated and experienced.
Providing facilities which a student needs, my College provided me with all the educational as well as all the curriculum support which a student needs to put in 100%.

AKSHAY SOPAN BANGAR
BATCH 2017

EXECUTIVE - OPERATION (MBA - FINANCE)
SAVTANTRA MIRCO HOUSING FINANCE CORPORATION LTD.

After passing out 12th exam that time we have to take a very important decision that's regarding one's career. This College provided me a great platform to start building my career and widened my vision.
Here I have not only acquired a lot of academic & book knowledge. I have also learnt practical lessons of life. On the best things about this College is the Placement Cell which offers so many opportunities. I joined Infosys through College placement.

BHAIYYA KADUBHAI SHAIKH
BATCH 2017

PURSUING POSTGRADUATE STUDIES

For some students, college is just a college. You attend classes, graduate, and then you begin your work life. I don't think many students have ever stopped to think about how much of an impact their college has made to them, I have and I can honestly say that I would be not where I am today without my college and for that, I owe a huge thank you.
I know at times students it can get frustrating and feel that the college is against them, but I know how hard the faculty and staff work and how much they try everyday to make it all a better place for everyone. And, I want say special thanks to Dr. Deshmukh ma'am, Dr. Azade sir, Dr. Kazi sir, Dhawale ma'am and all the other teachers.

||अप्पो दीपो भव ||

MAHATMA GANDHI MISSION

MGMUNIVERSITY

State self-financed university
with 2(f) status of UGC

MGM students under the close guidance and mentoring of experienced faculty, learn to widen their perspectives about a changing world.

Based on *Nayi Taleem* with Gandhian values and philosophy, students get an opportunity to enrich their minds, inculcate a societal view, while they acquire a deep subject-area knowledge to advance in life and get ready for emerging careers.
